

Buildings and Grounds Division

The Buildings and Grounds Division is responsible for the repair and maintenance of the fire stations and grounds. Our main station was built in 1975 and in 2008 we opened our North Side Station. Crews do light maintenance and repair work as well as daily cleaning. The division coordinates all testing, inspections and licensing of facilities and equipment. All department members take great pride in their stations and it shows.

Battalion Chief John Entorf is responsible for the Building and Grounds Division.
